

PARKINSON ACCOUNTING SYSTEMS

MAS 90 MAS 200 QUICK BACKUP FOR MAS 90/200

Have you ever wanted to make a quick backup of your active company in MAS without creating a backup company through company maintenance? If so, your solution has arrived! The PAS quick backup utility allows you to backup your company into a local zip file with the click of a single button. In addition, the utility can also be modified to backup your entire MAS directory on a daily, weekly, or monthly basis. The interface is simple and the process is quick. Take a look at how it works:

Step 1
Just click the shortcut on your MAS tool bar.

Step 2
The status screen pops up and shows the progress on each file until it is complete and then closes out automatically.

Step 3
A fully zipped copy of your MAS company is now located in the specified directory under a folder for the year-month.

Each copy is in a file that specifies the day that it was created.

Name	Size	Type	Date Modified
01_backup.zip	20,113	WinZip File	2009/03/14 8:55 AM
